- Contributions and any investment earnings accumulate on a tax-deferred basis until withdrawn and then are taxed as ordinary income.
- Roth (after-tax) contributions are also available.

## Contribution levels

- The minimum contribution is 1% of compensation (but not less than \$10 per pay period).
- The maximum regular contribution is \$23,000.
- Contributions must be payroll deducted.
- Additional contributions are available if you are 50 or over or under a Special 457(b) retirement catch-up provision.

## Personal assistance

Personal assistance is available through a local Account Executive or the HELPLINE from 8 a.m. to 11 p.m., Monday through Friday, and from 9 a.m. to 6 p.m. on Saturdays (ET) at 1-800-422-8463.

## Investment options

- Stable Income Fund, retirement date trusts and an array of other investment options covering each major asset class
- Retirement date trusts are designed to provide diversification and asset allocation across several types of investments and asset classes, primarily by investing in underlying trusts; therefore, an investor is indirectly paying a proportionate share of the applicable fees and expenses of the underlying trusts.

These options use a strategy that reallocates equity exposure to a higher percentage of fixed investments over time. Like other funds, target date trusts are subject to market risk and loss. Loss of principal can occur at any time, including before, at or after the target date. There is no guarantee that retirement date trusts will provide enough income for retirement.

- A self-directed investment account option that allows you to choose from exchange-traded funds (ETFs) and approximately 3,200 mutual funds, for an additional fee. The Schwab Personal Choice Retirement Account® (PCRA) is offered through Charles Schwab & Co. Inc., member SIPC.
