

Aquaculture Support Staff
Finger Lakes Fish, Inc. LocalCoho

JOB TITLE: Aquaculture Support Staff

SUPERVISOR: Assistant Fish Manager

Finger Lakes Fish, Inc./LocalCoho is focused on developing the highest quality product to meet the escalating customer demand for sustainable growth, non-pollutive seafood through the production of Coho Salmon. The Coho Salmon will be grown in a contained system that uses premium feed, fresh water, and no antibiotics. These systems prevent ecosystem disruption and provide customers with the ability to trace the source of their foods. The team has a growth plan which aims to achieve significant scale and become the largest farm raised Coho Salmon producer in the United States. Our goal is to create the first branded fresh fillet in the same way Frank Perdue changed the poultry business. Our Vision: We are developing recirculating systems, close to market, farm raised Coho Salmon for fresh, never frozen, sustainably grown fillets.
