<sup>\*</sup> Federal financial aid recipients who are terminated or voluntarily withdraw from Cayuga Onondaga BOCES before completing more than 60% of their enrollment period, are subject to a proration of any federal aid (Federal Pell Grants and Federal Direct Loans) awarded.

# **Financial Aid Appointments**

**All Accepted Students are required to attend an Individual Financial Planning Session** to design a payment plan to cover their program's direct cost of attendance. Financial Aid information and application assistance are provided by the Financial Aid Office to help students and their families fully understand their financial obligations prior to their enrollment.

After you have met with a Financial Aid Advisor and have successfully completed your financial aid applications, your eligibility for Federal Pell Grants and Federal Direct Loans will be estimated. You will be provided with an *Individual Financial Plan* that will summarize your expenses and Financial Aid during your enrollment in the Cayuga Onondaga BOCES. If your Financial Aid is not sufficient to cover your entire costs, the Financial Aid Advisor will discuss additional financing options to assist you and your family in meeting your expenses.

#### **COST OF ATTENDANCE (COA)**

Cost of Attendance is the college's total estimated expenses for completion of their program of studies. Cost of Attendance includes tuition, room and board, books, supplies, transportation, loan fees, and miscellaneous expenses. A school's cost of attendance is used to determine each student's eligibility for financial aid such as grants and loans.

#### **Net Price Calculator**

This calculator, found on the Cayuga Onondaga BOCES Adult Education website, is intended to provide prospective students with an **estimate** of their cost of attendance and the amount of financial aid for which they may qualify based on what similar students paid in a previous year.

#### **FEDERAL GRANTS**

The **Federal Pell Grant** is an entitlement program providing grants to those students who meet the eligibility and need criteria established by the U.S. Department of Education. The exact amount of your Federal Pell Grant is determined from the information you provided on your FAFSA.

- The Federal Pell Grant is available to eligible undergraduate students **who have not** previously earned a bachelor's or professional degree,
- Are limited by federal law to the equivalent of six full years of studies,
- Students cannot receive the Federal Pell Grant at more than one school at a time.

Federal Pell Grants will be applied directly toward the student's tuition and fees and do not have to be repaid.

## FEDERAL EDUCATIONAL LOANS (Must be repaid)

#### Federal Direct Student Loans (Subsidized & Unsubsidized)

Federal Direct Loans are low-interest loans provided by the U.S. Department of Education. The federal government "guarantees" the loans and pays interest (subsidizes) on qualified portions of the loans while the student is still in school on at least a half-time basis.

#### **Direct (Parent) Plus Loans**

Federal PLUS Loans are available to parents or legal guardians of dependent, undergraduate students who are determined not to have an adverse credit history. If a parent borrower is unable to secure a PLUS loan, the **student** may be eligible for additional unsubsidized loan.

#### **KEYSTONE STUDENT LOANS** (Must be repaid)

Keystone Private Student Loans were established to offer students and families an alternative solution to cover gaps in paying for college. Keystone provides loans for career training students, as well as parent borrowers. Even if other aid options were exhausted for the year, Keystone Student Loans will cover 100% of the remaining costs for credit qualified applicants. keystonestudentloans.org

#### **ADDITIONAL FUNDING SOURCES**

#### **Veterans Programs**

Honorably discharged veterans and dependents of veterans who are deceased or 100% disabled due to military service, **may be eligible** for Department of Veterans Affairs Assistance. Selected reservists and National Guardsmen, who enlist for six years or more, may be eligible for educational benefits through the Department of Veterans Affairs. <a href="https://www.gibill.va.gov">www.gibill.va.gov</a>

## **Workforce Development Programs**

Training services are available to eligible individuals who have not been able to obtain or keep employment and have met the requirements of their local Workforce Development Office for services. Individual Training Accounts are established to finance training based upon the individual's choice of selected training programs. <a href="mailto:dol.ny.gov/career-centers">dol.ny.gov/career-centers</a>

# ACCES-VR, Adult Career and Continuing Educational Services-Vocational Rehabilitation (formally VESID)

ACCES-VR, within the New York State Education Department, promotes the development of students with disabilities to be lifelong learners. ACCES-VR provides funds to students who have significant disabilities and who need training to meet their employment goals as agreed upon with the rehabilitation counselors for the agency. Funding is provided based on income and severity of need of education. <a href="https://www.acces.nysed.gov/vr">www.acces.nysed.gov/vr</a>

#### **Employer Tuition Reimbursement**

A number of local health facilities and unions provide financial assistance for tuition and educational expenses. For information regarding tuition reimbursement, you will need to contact your individual employer, as tuition reimbursement policies vary dramatically from each location. The best place to start is the facility's Human Resources Department. Students are responsible for payment of all tuition and fees and for submission of documentation to their employer for any applicable reimbursement.
