WHO WE ARE

We are a non-profit governmental agency that uses the power of a cooperative to help school districts have access to high quality services at an affordable cost.

OUR PURPOSE

To unleash potential in our community

OUR VALUES

- Be adventurous
- Be collaborative learners
- Be solution-driven
- Be joyful in our work

WHAT WE DO

All BOCES across the state share a common mission: to prepare diverse populations for successful roles in a new global society. The Cayuga-Onondaga BOCES offers many exciting and highly effective programs and services to the school districts that we serve. We accomplish this by providing cost-effective shared services to school districts while initiating collaborations to close gaps in student achievement.

Check out our [Services Guide](#) to see some of the services we provide!

We help Students Thrive with Non-Traditional Programs

Career & Technical Education

- We offer vocational instruction and related support services to students in 18 different career and technical education areas. Students benefit from career and personal counseling, job placement, and basic skills tutoring to transition from high school to work and/or postsecondary education.

Special Education

- The BOCES Special Education Department provides specialized services to students with disabilities from component districts and districts outside of the region as

approved through cross-contracting procedures. Services address a variety of physical, academic, and social emotional needs and occur both at the Regional Education Center and within component schools. Student participation occurs as a result of recommendations made by the Committee of Special Education.

The Compass Program

- We offer students in grades 7-12 an opportunity to receive highly engaging academic instruction, with an additional emphasis on career exploration. Small group instruction, project based learning, and a positive, supportive setting are components of this program.

eLearning Academy

- We offer online courses to earn high school credit.

Day Care Services and Universal PreKindergarten

- We offer children aged six weeks to five years old quality care and early education.

Adult Education

- Our adult education programs provide the community with high quality opportunities for personal development and lifelong learning in a cooperative environment.

We Support the Work of School Districts

Instructional Support Services

- We provide service and support to the BOCES and the nine component school districts to effectively integrate programs, technology, and services that promote quality teaching and learning.

Professional Development Unit

- We offer numerous regional and job embedded professional learning opportunities in the areas of curriculum, instruction, assessment, and data.

School Library Systems

- We strengthen, support, and advocate for the development of quality school library programs.

The Cayuga-Onondaga BOCES Teacher Center

- We provide a variety of services and programs to enhance the professional development of teachers.

We Expand Opportunities through Regional Partnerships

Business and Education Partners

- Strong business and educational partnerships prepare students for the workplace of today and tomorrow. Students gain [work-based learning](#) experiences, explore jobs at career fairs and are even matched with [employers seeking workers](#).

Innovative, Real-World Learning

- Year-round, students engage in creative hands-on, project-based learning. Teachers and staff benefit from a host of [professional development opportunities](#) aimed at helping them prepare students for college, careers, and life beyond high school.

Community Connections

- Shared services and support help districts and municipalities solve challenging problems and achieve a level of quality, efficiency and effectiveness that would not be possible alone. Partnerships with local businesses and industry help us identify ways to work together to build a stronger regional community and economy.

HOW IT WORKS

BOCES services are created when two or more school districts have similar needs that can be met by sharing staff members, classroom/office space equipment, time or expertise. School districts receive BOCES aid from the state to encourage them to share resources and to obtain economies of scale. *BOCES cannot levy taxes. All monies come from services delivered to school districts or from grants.* Component districts share in the administrative and capital costs of BOCES.

Like public school systems, Cayuga-Onondaga BOCES is governed by a policy-making board of education. The members of our board serve 3-year terms; they are elected by component school district boards through a special vote held each April.

PURPOSE OF THIS HANDBOOK

This handbook includes practices that employees are required to adhere to in their day-to-day job responsibilities. Employees are expected to support the Cayuga-Onondaga BOCES purpose and values, creating a climate and culture that embraces continuous improvement and excellence in everything we do, regardless of assignment or location.

Employees must understand that this handbook only highlights and summarizes some of our current policies and procedures. For detailed information on each topic, you can contact your immediate supervisor, or the [Office of Human Resources](#).

Please consider the most current version of this document as the official Cayuga-Onondaga BOCES Employee Handbook. This handbook is a fluid document and sections will be

revised, rescinded, amended or supplemented based on changing conditions, policies and procedures. Cayuga-Onondaga BOCES reserves the right to change, delete or amend any statement made in this handbook unilaterally and without notice. The Office of Human Resources is the owner of the handbook and responsible for making changes. The most current version of this handbook will reside on the website with the amended date posted on the cover. Employees may review all board policies by [clicking here](#) or by navigating to the Board of Education page on our website. <https://www.cayboces.org/Page/15>

We are always looking for ways to improve communications with our employees. If you have suggestions for ways to improve our employee handbook or employee relations in general, please feel free to send them to the [Director of Human Resources](#).
