

# Avoid the ER. Get FREE care from home.

Need care but the clinic is closed? Think the ER is your only option? Think again! You can use your 24/7 telemedicine service to:

## Feel better, faster.

The average ER visit takes 2 hours and 15 minutes<sup>1</sup>, not including the commute. First Stop Health doctors call back in 3 minutes (on average).

## Save money.

Avoid ER prices (and surprise bills) by getting care for FREE! There's no copay to talk to a doctor for things like:

- Cough
- Rx Refill\*
- Fever
- Toothache
- Stomach Issues
- Aches and Pains
- Sinus Infection
- UTI
- And More!

COASEHP provides telemedicine to employees enrolled in the medical benefit plan and their covered dependents for FREE.
